Just a few memories ~ and a few gaps!

Well, where do you start? Roy, a nipper on the beach sporting . . . beach-wear but where?

We know that the school picture is at Harrow Weald School, spot Roy!

Exeter 1948 and Roy about to be beastly on the squash court to . . . ?
If you can spot Pamela then maybe you can ask her who the extras are in this family photo. Also Roy (already camera shy) at Exeter in 1948.

Roy looking pretty groovy in 1947, doing something he might regret to his first car in Bamenda 1951 and sporting some new beach gear in 1955 on the beach with a very little Alison (looks a bit like Charmouth)

Roy 'on tour' in Bamenda

Roy the returning officer at some local election. Some of these guys will have gone on to great things in National Government, my favourite is the chap 2nd from the left!

Jean says this is Bamenda, looks awfully like Wales to me!

Roy & Jean with Juno in
Great Kingshill 1962

Roy with Kathy, Rob &
Sally at Cae Peris around
1969 (what did Kathy do
next?)

Roy practicing his reading
on the beach at Exmouth
1965 ish

Back in Africa 1983 visiting the site of fort Motloutse in Bobonong & taking tea with Miranda and Sam on the Linyanti Marshes to the sound of hippo, baboon and night-time lions!

Doing a Morecambe & Wise, feigning confusion with Jane, both at Joe's wedding 2003 and practicing his reading in Bishop's Castle.

Roy telling his fishing story @ Kathy & Norman's wedding, Roy @ Miranda & Mash's wedding and Roy & Xander @ the Sally @ Andy wedding too!

(ask Roy to tell you his fishing story one day!)
